PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore Land Revenue, dated 2nd June 1909.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 11 of 1908-09.

Appellant	*Vs.*	Respondent
Aralumallige Gowda of Vadakunte village, Nelamangala Taluk.		Narasimma of Gulapura Village, Nelamangala Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, directing the registry of Survey Nos. 53, 54 and 56 of Vadakunte village in the sole name of the respondent.

Facts of the case.

One Nanjegowda was the khatedar of Survey Nos. 53, 54 and 56 in Vadakunte village, Nelamangala Taluk. He died in the year 1905-06, leaving behind him (1) his first wife Narasi, (2) his son Narasimma by his first wife and (3) Aralumallige and three others, sons by the second wife. During the Jamabandi of 1905-06 enquiries were instituted as to the person in whose name the patta may be made. Narasi said that she was the first wife and her son a legitimate son of Nanjegowda, and consequently claimed a share of Nanjegowda's lands for her son. Aralumallige denied that she was his father's first wife. The Assistant Commissioner, Mr. K. R. Srinivasa Iyengar, who conducted the Huzur Jamabandi, being satisfied that Narasi was a legitimate wife of Nanjegowda, ordered that patta might be made in the names of Narasimma and Aralu Mallige jointly. During the Jamabandi of the year 1906-07 Narasi presented a petition to the Deputy Commissioner, who conducted the Jamabandi of the taluk, stating that though the Jamabandi officer of the previous year had put in the name of her son jointly with Aralu Mallige's, the latter would neither give her son his share in the lands or its yield, and prayed that the Deputy Commissioner would order that her son's share might be ordered to be given over to him together with the previous year's produce thereof. But the Deputy Commissioner cancelled the joint patta made during the previous year's Jamabandi and ordered that it be made in the name of Narasimma, the only son of the first wife. Against this order, Aralu Mallige presented a review application and it was rejected. Hence the appeal.

This is a case withdrawn from the Revenue Commissioner's file under Section 210 A of the Land Revenue Code.

Decision.

The parties were heard on the 29th April 1909. Section 68 of the Land Revenue Code clearly gives preference to the eldest son. There is no provision of law which recognises the superior status of a son of the elder wife when he happens to be one of the younger sons. The Deputy Commissioner's order is therefore cancelled and it is directed that the khata be made out in the name of the appellant, and that, if the respondent applies for a refund of the kandayem paid by him, it may be refunded and the amount thereof levied from the appellant.

MEMO.

No. R. 10192-3—L. R. 418-08-2, DATED BANGALORE, 2ND JUNE 1909.

Copies of the above decision are forwarded to (1) the Revenue Commissioner in Mysore for information and (2) to the Deputy Commissioner, Bangalore District, together with the records received with his letter No. 305, dated 6th November 1908, addressed to the Revenue Commissioner.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 33 OF 1908-09.

Appellants		*Vs.*	Respondents
1. Shanbhog Kappanna 2. „ Sitaramaiya 3. „ Srikantaiya 4. „ Sanjivappa, son of Mahipathi Rao 5. „ Krishnappa	All residing at Bidadi in the Closepet Sub-Taluk.		Shamanna, minor, by his father and guardian, Anantharamaiya, hobli school-master, Gottikere, Bangalore Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, directing the registry of the shanbhogi office of Bidadi and Avergere firkas in the Closepet Sub-Taluk, in the name of the respondent.

Facts of the case.

1. Ganakal
2. Kempadevanhalli
3. Machanaikanhalli
4. Vajjarahalli
5. Borehalli

The village of Bidadi by itself and Avergere with five other marginally noted villages in the Closepet Sub-Taluk, form two shanbhogi circles. One Ramakrishnaiya was the original hakdar. He had seven sons. After his death the two firkas were registered in the name of his eldest son, Shamanna. About the year 1877, when the family property was divided, the villages were apportioned among the brothers as noted below :—

1. Bidadi	...	Sitaramaiya
2. Ganakal	...	Shamanna
3. Kempadevanhalli	...	Kappanna
4. Vajjarahalli	...	Mahipathi Rao and Krishnappa
5. Machanaikanhalli, with Jodi Seshagirihalli	...	
6. Avergere and	...	Srikantaiya and Nanjappa.
7. Borehalli	...	

1. The registered shanbhog Shamanna died in 1900, leaving a son named Anantharamaiya, the father and guardian of the respondent. As he was a school-master, he was required under Government Proceedings No. 4087-94—R. 1-10, dated the 1st November 1896, to give up his appointment and to take up the duties of his deceased father, or to resign his right to the shanbhogi in favor of his next of kin. He having elected to do the latter, desired that the shanbhogi hak should be registered in the name of his minor son and he, be allowed as his son's natural guardian to select the gumastas for the two firkas.

2. Sitaramaiya, the 2nd appellant, urged that, as Bidadi was a separate firka and he had been in its charge for over twenty years, he should be recognized as the registered shanbhog of that circle.

3. The other brothers of the deceased baravarddar similarly urged that each should be registered as the shanbhog of the village in his charge.

4. The Deputy Commissioner, Mr. D. Devaraj Urs, decided that the request of the appellants could not be granted as it would necessitate the splitting-up of the duly constituted firkas; and directed that the two circles should be registered in the name of the respondent; and his father, allowed to nominate two competent gumastas for the two firkas.

5. It is against this order that the appellants appealed to the Revenue Commissioner. The appeal was withdrawn from the Revenue Commissioner's file under Section 210 A of the Land Revenue Code, to be decided by Government.

Land Revenue, dated 8th June 1909.

Decision.

Both firkas should not have the same baravarddar. As Sitaramaiya has been admittedly enjoying Bidadi which is a separate firka, it will be registered in his name.

2. The other firka will be in the name of Shamanna, the respondent, as ordered by the Deputy Commissioner. As long as he is a minor, no stranger should be appointed a gumasta, if there are persons competent to do the work among the share-holders.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 10th June 1909.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 17 of 1908-09.

Appellants		*Vs.*	Respondents
1. Puttegowda 2. Muttegowda and 3. Venkatagowda	sons of Venkate-gowda.		Timma, alleged adopted son of Timmi, widow of Huchegowda, brother of Venkategowda.

Subject.

Appeal against the order of the Deputy Commissioner of the Mysore District, directing the transfer of patta of a certain site No. 41 of Kadalur village, Mandya Taluk, from the name of the deceased, khatedar Timmi to that of her alleged adopted son, Timma, the respondent.

Facts of the case.

The appellants are the nephews (brother's sons) of Hutcha, husband of Timmi, in whose khate the site in question previously stood. But this site was subsequently treated as not liable to taxation as a separate vacant site, being within the maximum extent allowed by the recent orders of Government to be held free of tax as hittals attached to houses. It was, however, brought on the Namtabdil list on the death of its original khatedar, and the patta thereof ordered by the Deputy Commissioner to be made out in the name of the respondent. Hence the present appeal to the Revenue Commissioner, which has, however, come up for disposal by Government, the case having been withdrawn from the file of the Revenue Commissioner under Section 210 A of the Mysore Land Revenue Code.

The appeal was heard on the 4th May 1909, when the appellants were present but the respondent was absent though the notice of hearing was duly served on him.

Decision.

The site is one for which no tax is levied. It cannot therefore be entered either in the khate or in any other recognized village account. There is no meaning in directing that it should be registered in the name of Timma. The said order of the Deputy Commissioner will therefore be cancelled.

Appeal allowed.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 8 OF 1908-09.

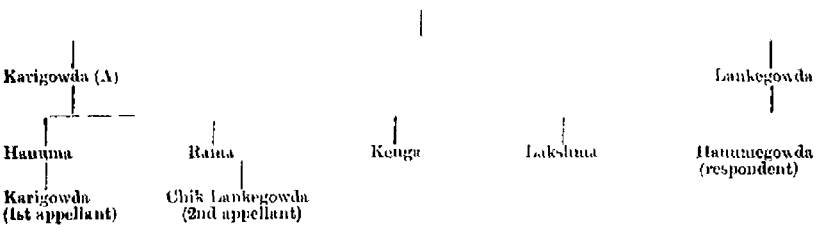
Appellants	*Versus*	Respondent
1. Karigowda, son of Hanumegowda 2. Chik Lankegowda, son of Ramegowda		Hanumegowda, son of Lankegowda.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore, dismissing the appeal of Chik Lankegowda (2nd appellant before Government) against the order of the Deputy Commissioner, Mysore District, directing the registry of the pateli office of Balaghatta and Kodagalli villages of the French Rocks Sub-Taluk in the name of the respondent.

Facts of the case.

The marginal genealogical tree gives the relationship of the parties. Karigowda(A), the previous registered patel of Balaghatta, and Kodagalli villages in question, held the office till his death. Lankegowda, his brother, was subsequently discharging the duties of the said pateli. On the latter's application for registry of the baraward in his name and on the depositions of the four sons of Karigowda (A) to the effect that they had no objection to the office being entered in the name of their uncle and hakdar, the Deputy Commissioner in February 1882 is said to have appointed Lankegowda as patel. Subsequently, however, the present appellants, who are the grandsons of Karigowda (A), protested against the appointment of Lankegowda as patel in preference to themselves. The Sub-Division Officer thereupon in 1884 declined to disturb Lankegowda from the office, but ordered that the name of Karigowda (1st appellant) might be entered in the column of hakdars. The Deputy Commissioner affirmed the Sub-Division Officer's order and on second appeal the Government held that the Deputy Commissioner's order was correct. (*Vide* Government Order No. 3171—Pet. 661, dated 14th September 1895, passed in appeal No. 151 of 1894-95.)



2. In February 1902 Lankegowda being old, applied for registry of the pateli office in the names of his son Hanumegowda (respondent) and Karigowda (1st appellant) but continued to hold the office till April 1903 when he died. His son Hanumegowda thereupon succeeded to the office and in July 1903, he and Chik Lankegowda (2nd appellant) jointly applied to the Sub-Division Officer for registry of the pateli office of Kodagalli in the name of the former and Balaghatta in that of the latter. Before final orders were passed in the matter, Hanumegowda was arrested (in September 1903) in connection with a dacoity case and committed to the sessions for trial. Chik Lankegowda was attending to the work in the meantime. On the representation of Hanumegowda made after his acquittal, the Sub-Division Officer held that, though acquitted, he could not be considered blameless and therefore ordered that Chik Lankegowda should be the patel of Balaghatta and Karigowda that of Kodagalli. On appeal, however, the Deputy Commissioner being of opinion that there was not the slightest evidence about Hanumegowda's complicity in the dacoity case, ordered his restoration to the pateli office of both Balaghatta and Kodagalli villages. On second appeal preferred by Chik Lankegowda, the Revenue Commissioner has declined to interfere with the Deputy Commissioner's order on the grounds that both the villages together were reported to form only one pateli charge and that there was nothing in the

Land Revenue, dated 12th June 1909.

claims of Chik Lankegowda rendering it necessary to give effect to the private arrangement entered into by him with Hanumegowda. Hence the present appeal to Government by Chik Lankegowda and Karigowda.

3. As the appellants urged that Balaghatta and Kodagalli villages form two distinct pateli charges and hence required two patels according to potgi rules, a further report was called for from the Revenue Commissioner, who in his letter No. 8300, dated 17th February 1909, reports that the two villages are said to be two distinct pateli charges as shown in the margin.

Charge No.	Village.	Potgi.
134	Kodagalli	Rs. 10-0-0
135	Balaghatta	,, 17-8-0

4. The case came on for final hearing on the 14th May 1909, when both the parties were present and were heard.

Decision.

The Deputy Commissioner and the Revenue Commissioner have both proceeded on the supposition that both the villages form one charge. After the appeal was filed before Government, the Revenue Commissioner has reported that they form two charges. The records show that the parties had entered into an agreement that one of the appellants, *viz.*, Chik Lankegowda, should get Balaghatta and the respondent Kodagalli village. The respondent in his deposition before the Assistant Commissioner, French Rocks, dated 21st March 1905, had admitted this arrangement and asked that it may be carried out. Government are of opinion that it is most equitable to conform to this arrangement. Of the two appellants Karigowda agrees that Chik Lankegowda may get the baraward and it is accordingly ordered that Balaghatta should be registered in the name of Chik Lankegowda and Kodagalli in that of the respondent Hanumegowda.

The respondent's objection that the point, *viz.*, that the two villages form two separate charges, was not raised before the Deputy Commissioner, is not of much importance, as both the offices cannot be possibly given to one man. The other objection that Karigowda did not appeal to the Revenue Commissioner is for a similar reason overruled.

Appeal allowed.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 10 of 1908-09.

Appellant	*Vs.*	Respondent
Basappa.		Basavalinga.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, cancelling the darkhast sale of Survey No. 292-1 of Adlur in Sira Taluk.

Facts of the case.

Survey No. 292 of the Adlur village in the Sira Taluk had been in the possession of the respondent till 1888 when he relinquished the entire number. Next year he applied for the land being subdivided and he obtained one of the Sub-Nos. 292-3 in 1890. In 1900 Sub-No. 292-2, was given to his brother on darkhast, and the remaining portion of the entire number, *viz.*, 292-1, continued unoccupied till 1907, when the appellant applied for it and became its purchaser in a regularly conducted auction sale.

Before the piece of the land was auctioned, it was urged by the respondent that as he was the occupant of one of the subdivided numbers he had a preferential right to the land in dispute. During the sale also, he repeated his protest. The Amildar in submitting the sale records for the orders of the Assistant Commissioner recommended that the land in dispute should be given to the respondent as he was willing to pay the amount realized in the sale.

But the Assistant Commissioner confirmed the sale on the ground that the land in question had been lying unoccupied for nearly eighteen years after it had been relinquished by the respondent, and that the latter could have bid for it at the auction if he were so disposed.

The respondent appealed against this order to the Deputy Commissioner, who held that Section 110 (*b*) of the Land Revenue Code lays on the respondent the obligation to take up the land in dispute if it should be relinquished hereafter, and that it is equitable to prefer the respondent to the appellant. Accordingly the order of the Assistant Commissioner was reversed and the land was ordered to be given to the respondent.

Against this order, the appellant preferred an appeal to the Revenue Commissioner. The appeal was withdrawn under Section 210 A of the Land Revenue Code.

* Mr. N. V. Narasimha Iyengar, for the Appellant.
" K. T. Narasimha Iyengar, for the respondent.

The parties were present at the time of the hearing on 21st May 1909 and their Advocates* were heard.

Decision.

The provisions of Section 110 of the Land Revenue Code come into operation only when one of the subordinate numbers is relinquished and cannot be applied to decide cases of applications to occupy waste numbers. The sub-number in dispute has long been lying waste and there was nothing to prevent the respondent from acquiring it. The Deputy Commissioner's order is therefore erroneous and will be set aside.

As the respondent's petition had not been decided one way or the other at the time of the sale, he was probably under a misapprehension and did not bid at the sale. A remark to this effect is entered in the sale record. It will therefore be directed that the plot in dispute will be sold again and given to the highest bidder, and the notice of sale should be served on both the parties.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 28th June 1909.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 18 of 1908.

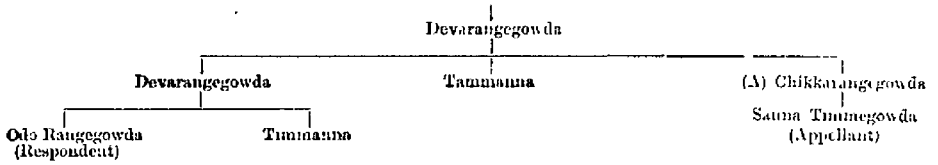
Appellant	*Vs.*	Respondent
Sanna Timmegowda.		Odo Rangegowda.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, recognising the claim of the respondent to the pateli office of Giddaganahalli village, Sira Taluk, in preference to that of the appellant.

Facts of the case.

The appellant and the respondent are related to each other as shown below :—



One Chikkarangegowda (marked A in the genealogical table) was the registered patel of Giddaganahalli in the Sira Taluk, and after his death the pateli was claimed both by the appellant and the respondent. The Assistant Commissioner allowed the claim of the appellant on the ground that he was the son of the deceased barawarddar.

Against this decision the respondent appealed alleging (1) that the appellant had lost his right to succeed to his father, having been adopted by his uncle Tammanna, (2) that the deceased barawarddar had adopted him after the adoption of the appellant, (3) and that at the time of the pakka potgi settlement, when the deceased was registered as the barawarddar, a reservation was made in his favour to succeed to the pateli in his own right.

The Deputy Commissioner found the fact of adoption proved and that a reservation of his right to the office had been made at the potgi settlement, and therefore decided that the respondent had a better title to the pateli than the appellant.

Against this decision the appellant preferred an appeal to the Revenue Commissioner, which was withdrawn from his file under Section 210 A of the Land Revenue Code. The appeal came on for hearing on the 11th May 1909, when Mr. C. S. Dorasami Iyer, B.A., B.L., was heard for the appellant and Mr. H. Krishnappa, B.A., for the respondent.

Decision.

There is no evidence to show that Odo Rangegowda had been adopted by Chikkarangegowda. The appellant claims to be the son of Tammanna as well as of his own father, as the former had no children and lived jointly with his brother, Chikkarangegowda. There is no evidence to contradict this point and it seems to be the truth. It cannot, however, deprive the appellant of his right to succeed to his father's property. The other ground on which the Deputy Commissioner decides the case is, that in the pakka potgi register it is stated that the respondent Odo Rangegowda had the best right to officiate. The meaning of the remark is not clear; but giving it the most favorable interpretation for the respondent, he would have a right to succeed if the man holding the office should die leaving no nearer heirs.

The Deputy Commissioner's decision giving preference to the respondent is not right. The appellant will be entered as the person entitled to hold the pateli in dispute.

1. Para 1 of Government Order No. 626-7—L. S. 63-05-5, dated 14th July 1906, requesting the Survey Commissioner to make the rules regulating the grant of leave to officials of the Survey Department conform, as far as possible, to those contained in the Service Regulations, in consultation with the Comptroller.

2. Letter No. 87, dated 9th March 1909, from the Superintendent, Mysore Revenue Survey submitting with remarks for the consideration of Government the draft of the revised leave rules of the Revenue Survey Department prepared in consultation with the Comptroller.

No. R. 10659-60—L. S. 40-08-2, DATED BANGALORE, 15TH JUNE 1909.

ORDER THEREON:—The Government are not convinced by the reasons assigned by the Superintendent of Survey for leaving the existing leave rules unaltered. They are therefore pleased to approve of the draft rules as finally modified by Colonel Grant and agreed to by the Comptroller.

2. The Government also consider that there can be no objection to the rules being incorporated in the Mysore Service Regulations, not as a set of special rules for the Survey Department, but as exceptions or qualifying notes to the corresponding articles of the Mysore Service Regulations. The Comptroller is requested to take the needful steps for such incorporation.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 3355, dated the 3rd September 1907, from the Revenue Commissioner in Mysore, submitting a report on the extent to which the loan granted to the Nandagudi Inamdars on the security of their inam villages has been liquidated and on the right of the inamdars to the mohatarfa revenue of the inam villages.

No. R. 10849-53—L. S. 58-94-170, DATED BANGALORE, 23RD JUNE 1909.

ORDER THEREON.—Under the scheme for the relief of encumbered inamdars a loan of Rs. 65,000 was granted to the Nandagudi Inamdars who were then somewhat heavily in debt. The marginally noted inam villages of the inamdars were mortgaged to the Government as security for the loan, and the mortgage was redeemable on repayment of the loan with interest at 5% in yearly instalments of Rs. 4,500. As there was a default in the payment of the first two instalments, the Government had to take possession of the mortgaged property, and in 1898, the Government accordingly took the villages under their own control and made proper arrangements for the introduction of the Survey Settlement into them and for their efficient management.

Jodi Dalasagere.
Jodi Gaddehalliipura.

Kayamgutta Nadapanaikanahalli
Nandagudi Durga kaval, Vaddahalli village.

2. The Revenue Commissioner has not been able to furnish accounts for the Nadapanaikanahalli village in the Kolar District, but from the figures supplied for the other villages, Government observe that their revenue is steadily improving. Exclusive of the excise revenue, the demand for 1898-99 was Rs. 4,273; 1899-00 was Rs. 4,482; 1900-01 was Rs. 4,314; 1901-02 was Rs. 5,024; 1902-03 was Rs. 5358; 1903-04 was Rs. 5313; 1904-05 was Rs. 5,127; 1905 06 was Rs. 5,287; 1906-07 was Rs. 5,681, total Rs. 44,859.

3. The amount actually collected out of this demand was Rs. 33,544-10-0, as also a sum of Rs. 3,788-14-0 representing the excise revenue for the years 1892 to 1895 and a sum of Rs. 36-11-0 being part of some old arrears. Out of this total collection of Rs. 37,370-3-0, a sum of Rs. 33,285-8-5 has been accounted for as follows:—

	Rs.	a.	p.
Jodi due to Government	15,458	0	0
Kandayam on pasture lands	550	12	6
Salary to shekdar	1,279	1	1
Potgi of patel and shanbhog	2,087	12	0
Allowance to gumasta	216	0	0
Other items	113	6	5
Interest on instalments of loan due ...	13,580	5	5
Total ...	33,285	8	5

The total amount which is available to meet the dues of Government is thus Rs. 4,084-10-7 which is far short of the total demand. Under these circumstances the Government cannot remove the villages from their management and restore them to the inamdars. Government, however, consider that there is great scope for improvement in the collections and trust that all outstanding arrears will be collected as soon as possible.

4. It is also represented to the Government by the inamdars that the right to the excise revenue of the inam villages rests with them and that in virtue of this right a sum of Rs. 68,000 is due to them. They claim that this amount together with interest at 5% should be applied in discharge of the loan due by them, the balance, if any, being paid to them. The Government observe that the right in question is separately under consideration and until a final decision is arrived at on the point, the claim of the inamdars cannot be admitted, nor the present arrangements for the recovery of the loan altered.

Revenue (Land Survey), dated 23rd June 1909.

5. As regards the claim of the Inamdars to the mohatarfa revenue, the Government observe that the question is not altogether free from doubt. It has been pointed out by the Revenue Commissioner that during the Inam Settlement of the villages the right of the inamdars to the mohatarfa has been admitted in four of the villages. As regards the other villages, it is reported that the right appears to have been enjoyed by them. The sanads themselves are silent on the point. In view, however, of the admission of the right in the one case and of the presumed enjoyment in the other, the Government are pleased to recognise in accordance with the Chief Commissioner's Circular No. 103, dated the 20th January 1863, subsequently affirmed in Government Order No. 13357—L. S. 1351, dated the 22nd February 1892, the right of the inamdars to levy mohatarfa.

6. It is unnecessary for Government to pass orders on the representation about the shanbhogi and pateli offices raised by the inamdars, as the matter is within the Revenue Commissioner's powers of disposal.

7. As it is quite possible that the situation above reviewed has altered during the interval of time which has elapsed since the date of the Revenue Commissioner's letter read above, upon which the review is based, Government will be glad to receive from the Revenue Commissioner a fresh report sometime in July or August next, bringing up figures to the end of the current month (June 1909).

Proceedings of the Government of His Highness the Maharaja of Mysore,

(1) Government Proceedings No. R. 5498-506—Agri. 78-08-5, dated the 29th January 1909, directing the submission of the return of coffee cultivation in a revised form for the year ending 30th June so as to comprise information for a complete coffee season.

(2) Letter No. 3108, dated the 22nd May 1909, from the First Assistant to the Hon'ble the Resident in Mysore, forwarding the following copy of Circular No. 7—156-1 of the 6th May 1909, issued by the Government of India in the Department of Revenue and Agriculture, regarding the tabulation of the statistics of coffee production in future:—

"I am directed to say the annual returns of the production of coffee are at present prepared for the calendar year in accordance with the instructions given in paragraph 7 of the Resolution of the Government of India (Department of Revenue and Agriculture and Commerce) No. 11, dated the 29th October 1878. This arrangement is open to the objection that the calendar year does not coincide with the coffee picking season in Southern India (where 999 per cent of the whole crop in India is grown), with the result that the returns have hitherto shown part figures for two different seasons, and not complete figures for one whole season as is desirable. It has therefore been decided by the Government of India that, in supersession of previous orders, the returns should be prepared for the revenue year ending on the 30th June (to which period most of the agricultural returns of the Madras Presidency relate) so as to show, so far as possible, figures for a complete coffee season.

"2. The form for the tabulation of the statistics of coffee production, prescribed in the Director-General of Statistics' letter No. 1934-42, dated the 10th September 1903, has also been revised and simplified by the Director-General of Commercial Intelligence and a copy of the revised form is enclosed. It will be noticed that column of the new form specifies the quantity in bushels, and not in pounds as in the old form, and provides for both cherry-dried and parchment coffee. It has been explained in a footnote to the form that this column is not intended to represent the same coffee in two commercial stages, but to show the actual quantity produced in either the one or the other denomination or both. For the purposes of the Imperial return, the conversion of cherry-dried and parchment coffee according to measure, into cured coffee according to weight, will be made in the office of the Director-General of Commercial Intelligence according to a fixed formula.

"3. The revised form will, it is believed, serve for all statistical purposes and give all the information required by persons interested in the coffee crop, and I am to request that with your permission it may be adopted in the preparation of the future returns of coffee production.

"4. November 15th has been fixed provisionally as the date on which the return should reach the office of the Director-General of Commercial Intelligence. I am to add that if there is no objection, the first return in the new form may be prepared for the year ending on June 30th 1909 and transmitted to the Director-General of Commercial Intelligence by November 15th next."

No. R. 10165-73—AGRI. 78-08-8, DATED BANGALORE, 1ST JUNE 1909.

ORDER THEREON.—Communicated to the Deputy Commissioners of Districts with a request that future returns of coffee production may be prepared in the revised form prescribed by the Government of India and furnished to this office through the Revenue Commissioner before the 20th October each year.

Statement of the production of Coffee in———————during the year ending 30th June———————

District	Number of plantations on 30th June	Planted area as in previous year's statement	New area placed under coffee (including) replanting in areas abandoned in previous years)	Coffee cultivation abandoned during the year	Total area under coffee	Area that has been plucked during the year	Area that has not been plucked during the year	Persons employed (daily average)		Quantity (in bushels) of coffee	
								Permanent	Temporary		
1	2	3	4	5	6	7	8	9	10	11	
		Acres	Acres	Acres	Acres	Acres	Acres			Cherry-dried	Parchment

Columns 3—6.—The sum of columns 3 and 4 *minus* column 5 should equal the total in column 6.
Columns 7 and 8.—The sum of these two columns should be equal to the total in column 6.
Column 10.—The number of persons employed for any period less than a year should be multiplied by the number of days in that period and the total divided by 365. The results should be entered in this column.
For example, if an estate employed 30 persons for 90 days, 40 for 60 days, and 100 for 45 days—
30×90=2,700
40×60=2,400
100×45=4,500
The total 9,600 divided by 365 gives 26 in round numbers, which is the figure to be entered in this column
Column 11.—The figures in this column are not intended to represent the same coffee in two stages (on the analogy of rice and paddy), but the actual quantity produced, whether it be in the form of cherry-dried or parchment coffee at the time of report.
NOTE.—*(a)* Explanations of noticeable variations in the figures of the year compared with the previous year together with any information regarding the character of the season and crop, trade and other points of interest connected with the condition and prospects of the industry, should be furnished.
(b) If any rectifications or additional particulars are received after the return for the year has been submitted, a supplementary return for that year should be forwarded.

Letter No. D. 2434, dated the 7th May 1909 from the Revenue Commissioner in Mysore, reporting how far the grant of Rs. 10,000 sanctioned for the supply of fodder has been utilized, and requesting permission to appropriate a sum of Rs. 5,000 therefrom for affording gratuitous relief in the affected tracts.

No. R. 10534-43—AGRI. 69-08-90, DATED BANGALORE, 12TH JUNE 1909.

ORDER THEREON.—From the statements published in the *Mysore Gazette* of the 3rd instant, the Government observe that there is still a sum of Rs. 9,474 available for the distribution of gratuitous relief, out of the sum of Rs. 30,000 already placed at the disposal of the Revenue Commissioner for this purpose. There is therefore apparently no need at present for sanctioning a further grant for the distribution of gratuitous relief. This kind of relief may not also perhaps be required hereafter on the scale hitherto found necessary. The Government therefore direct that a sum of Rs. 5,000 out of the sum of Rs. 10,000 sanctioned for the supply of fodder, be surrendered by the Revenue Commissioner. The balance may be reserved for the payment of railway freight, chargeable to Government, for the importation of fodder by private parties.

2. The Revenue Commissioner is requested to discontinue the distribution of gratuitous relief as early as possible.

2. Letter No. 505, dated 3rd April 1909, from the Mycologist and Entomologist to Government, requesting sanction for a provision of Rs. 1,600 for expenses in connection with koleroga experiments in the gardens taken on lease in the Shimoga and Kadur Districts for the year 1909-10, in addition to the sum of Rs. 1,000 provided by him in his budget estimates for 1909-10 for expenses to be incurred in his laboratory for koleroga experiments, and also for a sum of Rs. 800 required before the 30th June 1909, for koleroga experiments in the gardens taken on lease.

No. R. 10522-4—AGRI. 6-08-14, DATED BANGALORE, 14TH JUNE 1909.

ORDER THEREON.—The allotments asked for, *viz.*, Rs. 800 for expenditure during the current official year, and Rs. 1,600 for expenditure during the next year, are sanctioned. All expenditure to be incurred in connection with the investigation of koleroga and other problems connected with the supari industry will, as stated in the notification read above, be met from the Supari Cess Fund. The Mycologist and Entomologist is requested to submit annually, in consultation with the Revenue Commissioner, along with the budget estimates of his Department, an estimate of the expenditure required on this account separately for sanction of Government. Provision should not be made for it in his departmental budget. The amount of Rs 1,000 entered by the Mycologist and Entomologist towards this expenditure in his budget for the next year for making cultures, inoculations, etc., in the laboratory, will accordingly be omitted, and this amount will also be provided out of the Supari Cess Fund itself.

Expenses incurred for these experiments in the laboratory should, if possible, be always differentiated and met out of the fund, so that Government might be in a position to calculate eventually the total expenditure incurred on account of these investigations.

No. R. 10734-5—AGRI. 236-08-2, DATED BANGALORE, 19TH JUNE 1909.

ORDER THEREON.—The purchase of the bullocks now made is sanctioned.

2. Government observe that the Order of 1902 does not convey general sanction to the Agricultural Chemist to incur expenditure of every kind for the conduct of experiments in the Experimental Farm. The authority given is intended to apply merely to ordinary expenditure that has to be incurred in connection with them, such as the purchase of seeds, manures, etc. Special sanction is necessary for the purchase of agricultural implements, bulls and other means of procuring power, exceeding Rs. 10 in value, which are all comparatively of a permanent nature and not required for use only in any particular experiment.

Correspondence ending with letter Camp No. 242, dated the 1st June 1909, from the Revenue Commissioner in Mysore, proposing that half cart hire for carrying camp equipage and contingent charges not exceeding Rs. 2 per month, may be granted to each of the Public Works officers deputed to the districts for relief duty.

No. R. 10736-46—AGRI. 116-08-14, DATED BANGALORE, 19TH JUNE 1909.

ORDER THEREON.—The Revenue Commissioner proposes that half the cart hire incurred in carrying camp equipage and contingent charges not exceeding Rs. 2 per mensem, may be granted to the Public Works officers deputed for relief duty, the total expenditure being met out of the funds sanctioned for works, supplemented by a special grant, if necessary. But the Government are of opinion that the expenditure in question should be met from the provision under "2. Land Revenue, 2. Charges of District Administration, 17. Contingencies." If that provision should be found inadequate, application may be made in the usual course for the required funds.

Proceedings of the Government of His Highness the Maharaja of Mysore,

(1) Government Order No. R. 6267-77—Agri. 131-05-13, dated the 21st December 1906, prescribing a form for the Hobli Book to be maintained under Section 11 (c) of the Famine Code and directing the Revenue and Survey and Settlement Commissioners to jointly examine the existing village accounts and decide the form of a self-complete Village Register of Statistics and also to prepare and submit draft forms of the new registers for cultivation, harvests, rainfall, water-supply, etc., as required by Sections 9 and 12 of the Famine Code.

(2) Letter No. 6528, dated the 17th December 1908, from the Revenue Commissioner and the Superintendent of Revenue Survey in Mysore, submitting the form of Village Register of Statistics and the draft forms for the register of cultivation, harvests, etc:—

"With reference to paras 2 and 5 of Government Order No. R. 6267-77—Agri. 131-05-13, dated 21st December 1906, wherein we have been called upon to decide the form of a Register of Statistics that may be prescribed for showing the economic and agricultural condition of each village, and also to submit draft forms for the new registers of cultivation, harvests, rainfall and water supplies which shanbhogs and Amildars have to maintain under Sections 9 and 12 of the Mysore Famine Code, 1906, we beg to state as follows:—

1. As desired by Government, we have closely examined the existing forms of village accounts with a view to ascertain whether they require any amplifications or modifications; we have not, however, been impressed with the necessity for revising them in any material respect. As they are, they constitute a complete record of the revenue accounts and other important statistics pertaining to the village and, as such, afford all materials required for the preparation of the Village Register of Statistics. Further, the existing forms were revised so recently as 1905 and are well suited to our fiscal system and to the capacity of our shanbhogs; and any additions to the existing number or changes in the forms of Village Accounts will, we are afraid, make them too complicated for the shanbhogs to maintain or handle efficiently.

2. Thus, without disturbing the existing forms of Village Accounts, but at the same time without losing sight of all important materials for which provision has been made in the Bombay Circle Book and the Madras Village Register of Statistics, we have drawn up the accompanying form (A) for the Village Register of Statistics, which, though much, simpler than the forms adopted in Bombay and Madras, will provide for sufficient materials for judging the agricultural and economic condition of the village. A comparative statement showing at a glance the heads of information to be found in the Madras Village Register of Statistics and in the draft form proposed by us is appended hereto (*vide* Enclosure E). As many of the headings in the Madras Register have either no relation to our fiscal system, or are in our opinion not quite necessary for the purpose in view, we have omitted them in our draft form.

3. The Register of Statistics will, as drawn up by us, consist of six main sections with the marginally noted headings, a new register being opened once in five years. These six sections are described in detail below:—

1. Revenue Summary.
2. Details of cultivation.
3. Changes in occupancy.
4. Details of irrigation.
5. Population, stock and resources.
6. Coercive processes.

4. *Section I* (*Revenue Summary*).—This will consist of 32 columns, particulars for which can be had from the Village Accounts Nos. 1, 3, 4, 5 and 9 as shown in detail in the memo of instructions on the title page of draft form (A).

Section II (*Details of cultivation*).—This is only an abstract of Village Account No. 3 and will show the area under the several crops raised during the year and will consist of 20 columns as now drawn up. If necessary, the shanbhog may make use of the blank columns provided for in the form, for any crop of importance that has not been mentioned therein.

Section III (*Changes in occupancy*).—This will show the changes in occupancies resulting from 'darkhasts' for waste lands and 'razinamas' of occupied lands and transfers of 'pattas' either by mutual consent of parties or by court decrees. Particulars for this section can be had from Village Account No. 6. It is doubtful if shanbhogs are at present recording in columns 7 and 14 of this account the exact nature of the 'causes of increase or decrease' and it is therefore desirable to give them express directions to do so. This may be done by the following slight addition at the end of para 1 of the remarks appended to form 6 in the manual of Village Accounts:—'In columns 7 and 14 should be shown specifically the "nature" of the "other causes" of decrease or increase, *e.g.*, gift, sale, forfeiture, transfer by court decrees, etc.'

Section IV (*Details of irrigation*).—This will show the irrigable area under each class of irrigation sources and the area actually irrigated by them during the year. It will consist of 15 columns, particulars for which can be had from Village Accounts Nos. 3B, 3C, 3D and 3E.

Section V (*Population, stock and resources*).—This is based upon the Khaneshumari (Village Account No. 12). Instead of burdening the shanbhog with the task of showing birth and mortuary statistics in this section of the Village Register as is the case in the Madras Presidency, he may be directed to post at the foot of the Khaneshumari, total showing the number of births and of deaths in the village during the year (to be compiled from the register of births and deaths maintained by the

patel) in the same manner as he is at present recording statistics relating to emigration and immigration (*vide* Government Order No. R. 3369-77—Agri. 4-05-180, dated 26th September 1906). The shanbhog may, however, be instructed to explain in column 15 of this section of the Village Register of Statistics, the causes for any strikingly large increase or decrease in the population of the village. Similarly the total number of deaths among cattle may also be caused to be noted at the foot of the Khaneshmari. We do not consider it necessary to provide a separate section for cattle mortality in the Village Register of Statistics.

Section VI (Coercive processes).—The last section will show the number of cases in which coercive processes of the four important classes specified in the margin were resorted to and the amount recovered thereby. The shanbhog will have to collect the statistics required for this section from a register which, we propose, he may be directed to maintain and which would not only serve this purpose but also afford a means of check upon the action taken by village officers on receipt of orders from the taluk authorities for the adoption of coercive measures. This register may be prescribed in the accompanying draft form (B).

1. Notice to demand.
2. Notice of sale of lands.
3. Actual sale of lands.
4. Sales of movable properties.

5. It will thus be seen that the Village Register of Statistics as drawn up by us, will be a brief summary of the several accounts and registers maintained in the village and we hope it will meet with the approval of Government.

6. We also submit herewith two draft forms (C and D) for the registers of cultivation, harvest, rainfall and water-supply which the shanbhog has to maintain under Section 9 (*a*) of the Famine Code. Form (D) may also be adopted for the register of cultivation to be maintained by the Amildar under Section 12 (*e*) of the same Code."

No. R. 10838-48—Agri. 197-08-2, dated Bangalore, 23rd June 1909.

Order thereon.—Government generally approve of the forms suggested by the Revenue Commissioner and the Superintendent of Revenue Survey for the Village Register of Statistics and the registers of cultivation, harvests, rainfall and water-supply. The registers will be introduced from the beginning of the next official year.

2. The Revenue Commissioner is requested to get the required number of these forms from the Government Press and issue the necessary instructions for the preparation of the registers. The printing would require particular attention to the spacing of the several columns and to the facilities required for maintaining the registers in handy book form. One of the instructions should be that fractions of rupees and of acres should be omitted.

3. A report will be submitted after the expiry of one year from the date of the introduction of these registers as to how far effect has been given to the order directing their maintenance.

4. It is a question whether in Section II (Details of cultivation) the crops specified are not too numerous if correct and useful statistics are to be obtained and whether the number may not be advantageously reduced and restricted to such as have a material bearing upon the economical condition of the people.

Government Proceedings No. R. 7825-35—Agri. 125-08-5, dated the 31st March 1909, regarding the preparation of statements of standard rates of produce of different crops in the State and of the forecasts of the more important ones.

2. Letter No. 4234, dated the 23rd June 1909, from the First Assistant to the Hon'ble the Resident in Mysore, intimating instructions from the Director-General of Commercial Intelligence, stating that no deduction on account of damage of grain on the threshing floor as a result of rain should be made from the estimated outturn of crops for the purpose of preliminary forecasts but that reporting officers should add a note to their estimates of yield stating what percentage of the gross outturn appears to have been damaged on the threshing floor.

No. R. 11006-14—Agri. 125-08-6, dated Bangalore, 30th June 1909.

ORDER THEREON.—Communicated to the Revenue Commissioner and the Deputy Commissioners of Districts with a request that the above instructions may be adhered to in the preparation of the forecasts of crops.

Correspondence ending with letter No. 11076, dated the 26th April 1909, from the Revenue Commissioner in Mysore, proposing the increase of the provisions for the contingent expenditure of the Civil Veterinary Hospitals and Dispensaries in the State.

No. R. 11000-1—AGRI. 1-08-31, DATED BANGALORE, THE 30TH JUNE 1909.

ORDER THEREON.—The following proposals have been made by the Revenue Commissioner:—

(i) The annual provision of Rs. 150, sanctioned in Government Order No. R. 1727-37—Agri. 38-05-22, dated the 4th September 1907, for the maintenance charges of the Veterinary Dispensaries to be raised to Rs. 225.

(ii) The provision of Rs. 280 sanctioned in Government Order No. R. 6182-220—Agri. 98-08-2, dated the 20th December 1906, for the maintenance of the Bangalore Veterinary Hospital to be raised to Rs. 420.

(iii) An annual provision of Rs. 250 to be made for the purchase of books and periodicals for the use of the Assistant Veterinary Inspectors.

(iv) The allotments intended for the cost of English medicines and instruments for the use of Hospitals and Dispensaries to be consolidated and transferred to the detailed head "21 G (8) (i) (*a*) Inspector of Cattle Diseases."

2. The actual contingent expenditure of some of the Dispensaries for some months in the current year, as given in the correspondence, does not warrant the grant of the increase asked for and shows that the requirements of each Hospital and Dispensary will vary according to circumstances. The present annual provision of Rs. 150 for each of the Dispensaries should, therefore, in the opinion of Government, be sufficient if the total is distributed among the several Dispensaries according to their requirements, and it is not necessary to raise the provision uniformly.

3. An annual provision of Rs. 400 is sanctioned for the contingent charges of the Hospital at Bangalore.

4. The Inspector of Cattle Diseases has asked for a lump-sum provision of Rs. 500, for the purchase of books and periodicals for Assistant Veterinary Inspectors and Government do not consider it necessary to sanction without further experience any fixed recurring expenditure on this account as proposed by the Revenue Commissioner. The sum applied for by the Inspector of Cattle Diseases, *viz.*, Rs. 500, will be sanctioned and the Assistant Veterinary Inspectors will be supplied with the books required as far as possible from this amount.

5. The consolidation of allotments for the cost of English medicines and instruments and their transfer to a different head is also sanctioned as proposed.

No. R. 10777—Ft. 81-08-6, dated Bangalore, 21st June 1909.

Notification.

In supersession of the Rules issued under Notification No. R. 1051—Ft. 135-06-6, dated the 17th August 1908, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the conduct of prospecting and mining operations in State Forests and such District Forests as may be specially brought within the scope of these Rules, and lands under special protection.

EXPLORING LICENSES.

1. The holder of an exploring license shall obtain from the District Forest Officer permission to enter upon and explore for minerals in any forest lands within the area to which the license applies.

2. Such permission will ordinarily be freely granted, but will not entitle the licensee to cut or injure any forest growth or to dig or turn up the surface of the land to a greater depth than three feet and the licensee must, before leaving the locality, fill up any excavations which he may have made to the satisfaction of the District Forest Officer.

3. Should the licensee desire to make trenches or sink pits to a depth greater than three feet, he must obtain the sanction of the District Forest Officer in each case and pay compensation at the rate provided hereunder for any forest growth which may be injured or destroyed and shall undertake to fill up all excavations to the satisfaction of the District Forest Officer.

PROSPECTING LICENSES AND MINING LEASES.

4. No prospecting license or mining lease shall ordinarily be granted in forest lands except with the sanction of the Conservator of Forests.

Prospecting and mining operations will generally not be permitted in plantations, coupes which have been worked over and in tracts containing specially valuable growth of sandal, teak or other species of trees.

5. Before commencing any prospecting or mining operation in any forest lands, the licensee or lessee or his duly authorized agent or representative shall give notice to the District Forest Officer of his intention so to do, and shall, at the same time, forward to the District Forest Officer a statement of the area or areas proposed to be operated upon and their dimensions and a sketch map on a suitable scale showing the said area or areas and their relative positions and shall deposit with the District Forest Officer the amount of compensation due on the said area or areas calculated in accordance with Rule 9. Each area

Revenue (Forest), dated 21st June 1909.

to be operated upon, except such as may be required for a railway, tramway, road or foot-path, shall be in the form of a rectangle, of which no side shall be less than 10 yards long, and shall be defined by cairns of stones. Each area shall be distinguished by a letter of the alphabet in the abovementioned statement and map.

A consolidated statement and a complete map shall be maintained up to date and kept on the prospecting or mining block by the person in charge of the operations.

6. In any prospecting or mining block the total area which may be operated upon or cleared of forest shall not exceed 25 acres except with the permission in writing of the District Forest Officer, and no railway, tramway, road or foot-path shall be made without such permission. Such permission will be granted from time to time in each case for an area not exceeding 25 acres on the application of the licensee or lessee, provided that the additional area is required for the *bona fide* extension of prospecting or mining operations.

The areas operated upon shall include all those the surfaces of which have been opened up by means of pits, trenches or other excavations or covered with earth, stones, debris, machinery, buildings, etc., or upon which the forest growth has been injured or destroyed, or over which any railway, tramway, road or foot-path has been made.

7. In the case of all buildings, machinery or other structures erected upon the block and in the case of every place where fire or lights are used at any time or round any working or dwelling place where the District Forest Officer considers it to be necessary for safety, the forest growth shall be cleared for a distance of 10 feet round the limits of such structure or place to such extent as the District Forest Officer may require.

8. As soon as possible after the receipt of the statement and map referred to in Rule 5, the District Forest Officer shall prepare a bill for the amount of compensation due at the rates specified hereunder and after crediting the amount deposited under Rule 5 shall adjust or require the licensee or lessee to adjust any balance as may be necessary. In default of payment the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the amount due as a revenue demand.

In the event of any area not included in the map and statement required by Rule 5 being found to have been operated upon, the District Forest Officer, may at his discretion, stop all further operations and recover compensation for the same at double the rates provided hereunder.

9. The licensee or lessee shall—

(*a*) pay a lump sum for the value of forest growth and for damage and disfigurement to the surface on all areas operated upon or cleared, at the following rates :—

(1) In State forests or reserved lands, { High and pole forests, Rs. 100 per acre, / Other forests, including scrub, Rs. 50 per acre,

(2) In District Forests which have been specially brought within the scope of these rules, { High and pole forests, Rs. 50 per acre, / Other forests, including scrub, Rs. 25 per acre,

(3) For railways and tramways, and for roads on which traction engines are used, at the foregoing rates,

(4) For ordinary cart-tracks and foot-paths, at the rate of Rs. 25 per mile ;

(*b*) undertake not to cut sandalwood except with permission of the Forest Department and on payment of an extra charge to be fixed by the Conservator.

N.B.—The decision of the Conservator of Forests as to whether any particular forest is high, pole or scrub shall be final.

10. The licensee or lessee shall not fell, girdle or lop any tree outside the area or areas shown and described in the map and statement referred to in Rule 5.

11. Nothing in the foregoing rules shall be taken to exempt the licensee or lessee or his employees from liability in respect of any forest offence punishable under the Mysore Forest Regulation, 1900.

By Order,

The following letter No. 10008, dated the 31st May 1909, from the Conservator of Forests in Mysore, submitting a report on the sales of sandalwood in the State for the year 1908-09 :—

"I have the honor to submit my report on the sales of sandalwood for 1908-09.

2. The auction sales commenced in the Mysore District in November 1908, and closed in the Shimoga District in December 1908, in the order shown hereunder :—

District	Koti	Date of auction sale
Mysore	Hunsur	19th November 1908
,, ...	Seringapatam	23rd ,, ,,
Bangalore	Bangalore	25th ,, ,,
Hassan	Hassan	30th ,, ,,
Kadur	Chikmagalur	3rd December 1908
,, ...	Tarikere	7th ,, ,,
Shimoga	Shimoga	10th ,, ,,
,, ...	Sagar	14th ,, ,,
,, ...	Tirthahalli	17th ,, ,,

3. The results of the sale were extremely disappointing, the rates offered being considerably lower than those secured in the previous two years. In consequence of this, about two-fifths of the stock were withheld and a portion sold subsequently by tenders.

4. The following table shows the quantities sold in auction and by tender and the amount realized therefrom :—

5. Of the total quantity of 2,487 tons 14 cwts. and 72 lbs. exposed for sale, 2,086 tons 2 cwts. and 9 lbs. were disposed off both by auction and tender for Rs. 10,38,124-9-2 against 2,482 tons 14 cwts. and 47 lbs. disposed off in the previous year for Rs. 13,65,587-2-5.

6. The quantity exposed for sale was less than that of the previous year by 56 tons 13 cwts. and 57 lbs.; and the quantity sold was less by 396 tons 12 cwts. and 38 lbs. The realization was less by Rs. 3,27,462-9-3. The quantity left unsold is 401 tons 12 cwts. and 63 lbs. The reason for this unsatisfactory result, so far as can be gathered from enquiries and published reports, seems to be limited demand in America and Europe for essential oils owing to the financial crisis and consequent depression of trade. It is stated that the principal continental distillers have held large stocks and did not indent for their usual annual supplies. The causes are therefore temporary and will cease as soon as the normal prosperity is restored. The China market is now absolutely closed to us, as it is now being supplied with an inferior kind of cheap wood from Australia. The Chinese, it is said, use sandalwood only for ceremonial purposes such as cremation and burning in temples and not

for distillation as in Europe and India, so, it is a matter of little consequence to them what kind of wood they use. However, samples of the various classes of our wood have been sent to merchants there with a view to ascertain whether there is likely to be any market for them; but it seems there is little probability of China again becoming a large buyer of Mysore wood.

7. The results of the sales during the current year as compared with those of the previous year at the several kotis are shown in the following table:—

8. From the foregoing table it will be seen that the all-round rate secured for all kotis was Rs. 497. The highest average, *viz.*, Rs. 526 was at the Tarikere Koti and the lowest, *viz.*, Rs. 439, at the Sagar Koti. The averages for the previous five years were as follows:—

	Rs.
1903	464
1904	504
1905	507
1906	539
1907	550

If the value of the unsold wood calculated at the auction sale rates is taken into account, the average for the current year rises to Rs. 502.

11. As usual, Messrs. Volkart Brothers of Tellicherry were the largest purchasers, but the quantity purchased by them is considerably less than in previous years. Mr. Gundasetti of Hassan is the next largest purchaser. This enterprising merchant undeterred by the general depression did much by his keen competition to advance the prices. Messrs. Peirce Leslie & Co., of Calicut, who for some years past were only second to Messrs. Volkart Brothers, purchased this year only a small quantity, *viz.*, 68 tons for Rs. 21,053 against 582 tons for Rs. 2,67,374 in the previous year. There were two new purchasers this year, *viz.*, Mr. Abdulla Haji Cassim of Udapi and the Fyzabad Bank, Fyzabad.

12. The average rate secured for each class in each Koti during the year as well as in the year previous, is shown in the following table :—

14. There was a fair demand for the first six classes, but the competition was not keen. We had to accept therefore much lower rates than what were secured in the previous year. For the 1st and 3rd class roots, and Jajpokal, buyers were slow to bid, and a good deal of these woods was therefore sold by tenders. Ain Chilta found few buyers.

17. The quantity of Inam, Jahgir and private sandalwood sold during the year was inconsiderable, only 105 lbs. having been sold, while the quantity exposed for sale was 5 cwts. and 49 lbs.

18. I have again to bring to the notice of Government the urgent necessity that exists for the construction of a new sandal koti at Shimoga. Considerable damage is done to the wood by the insufficient protection afforded to it by the present dilapidated building."

No. R. 10925-34—Ft. 62-08-4, dated Bangalore, 28th June 1909.

Order thereon.—Recorded.

2. The quantity of sandalwood offered for sale during the year under review was 2,487 tons, or 56 tons less than that of the previous year. The quantity sold in public auction and by tenders was 2,086 tons, or 396 tons less than that of the previous year; and the amount realised was Rs. 10,38,124 as against Rs. 13,65,587 in the year 1907. The quantity of wood left unsold was 401 tons. The all-round rate secured for all kotis was Rs. 497 per ton as against Rs. 550 per ton in the previous year.

3. The results of the sales for the year under review have thus been unsatisfactory and are attributed to causes which Government trust are but transient.

4. The question of providing funds for the construction of a new sandal koti at Shimoga is under consideration. The provision made in the last year's budget had to be struck off owing to urgent demands under other heads.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Salaries and Allowances), dated 9th June 1909.

READ—

Representation dated the 17th March 1909 made by Mr. K. Matthan, Under-Secretary on duty with the Dewan, regarding the inadequacy, in the circumstances explained by him, of half daily allowance for journeys in Government motor cars and requesting the grant of half mileage for his journeys by motor in November and December 1908 and January 1909.

No. Fl. 7820-60—S. & A. 2-08-2, dated Bangalore, 9th June 1909.

Order thereon.—Mr. Matthan states that the grant of only half daily allowance, under the recent orders, involves hardship in his case, as it is quite insufficient to meet even the cost of transport of his kit and servants. He also points out that he is not provided with a whole car and has no option in regard to the mode of travelling, distance covered and route adopted, and therefore he is not saved any of the expenses he has to incur on account of the transport of his personal kit and servants. On the other hand, owing to the length of the journeys, special arrangements involving more than ordinary expense have frequently to be made for their transport. He requests that, in the above circumstances, his claim for half mileage for such journeys, which has been disallowed by the Comptroller, may be sanctioned.

2. Government recognize the hardship in such cases and are therefore pleased to lay down the following rule:— When an officer is required to accompany his superior officer in a Government motor car, the former should generally hold himself in readiness with his own arrangements for transport without depending on the accident of getting a seat in the motor car used by his superior officer. When an officer gets a seat only for himself in a Government motor car and an entire car is not placed at his disposal, he will be permitted to draw for such portion of the journey—

(*a*) Full travelling allowance admissible under the rules, on attaching to his bill a certificate that he maintained at his own cost the usual means of locomotion for himself as well as for his kit and private servants;

(*b*) The travelling allowance admissible under Article 538, Mysore Service Regulations, without the restriction imposed by Note 2 of that Article, on attaching to his bill a certificate that he maintained at his own cost the usual means of locomotion for his kit and private servants but not for himself.

The strict letter of the rules contained in Article 538, Mysore Service Regulations and Note 2 under that Article, should, however, be applied to cases in which an entire motor car is placed at the disposal of an officer.

The claim preferred by Mr. Matthan will be dealt with in accordance with the orders contained in the foregoing paragraph.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Salaries and Allowances), dated 30th June 1909.

No. Fl. 8262-302—S. & A. 535-08-4, dated Bangalore, 30th June 1909.

Order.—With reference to the last sentence of Article 580 of the Mysore Service Regulations as amended in Government Order No. Fl. 3565-605—S. & A. 150-08-1, dated the 13th February 1909, the Government are pleased to order the following general exemptions from the operation of the rule contained in that Article:—

(i) All officers on duty in connection with the Dasara functions (which term includes the meetings of the Representative Assembly) and the Birthday festivities at Mysore.

Note.—In the case of officers who draw travelling allowances on their own bills without countersignature, full daily allowance will be passed from the first day of the Dasara to the day after the last day of the Representative Assembly meetings, and from the first day of the Birthday festivities to the day after the last day. In the case of other officers, the countersigning officer should exercise his discretion as to the number of days during which a halt was necessary, the audit office accepting such countersignature without question.

(ii) The Dewan and Councillors and their personal staff and Secretariat officers and officials.

2. Full daily allowance at the ordinary rates shall be passed to the above officers for halts of over ten days at one place, without the special sanction of Government.

Letter No. 121, dated the 10th May 1909, from the Registrar of Joint Stock Companies in Mysore, submitting a Report on the Joint Stock Companies, Literary, Scientific and Charitable Societies and Co-operative Societies working in the State during the year ending the 31st March 1909, under Regulations III of 1895, III of 1904, and III of 1905, respectively.

No. J. 3841—REGIS. 30-08-2, DATED BANGALORE, 11TH JUNE 1909.

ORDER THEREON.—Mr. H. H. Sparkes held the office of Registrar of Joint Stock Companies in Mysore during the year under report except for a short period during his absence on leave (from 3rd July to 12th October 1908), when Mr. M. Narayan Rao officiated for him.

2. During the year, 4 new Companies (under Regulation III of 1895) and 15 Co-operative Societies were registered, while 33 Companies were wound up, leaving at the end of the year 87 Companies and 39 Co-operative Societies as against 116 Companies and 24 Co-operative Societies in the preceding year.

3. Of the Companies wound up, 26 were Agricultural Banks. The report furnishes no information regarding the other Companies.

4. The large number of Companies wound up led to a corresponding decrease in the amount of nominal and paid-up capital of the Companies, the fall in each case being Rs. 14,20,000 and Rs. 9,97,659, respectively. It is, however, gratifying to note that in the case of Co-operative Societies there was an increase, respectively, of Rs. 2,07,040 and Rs. 54,475-6-2.

5. Of the 87 Companies working at the end of March 1909, 45 were concerned in the Banking, including Trade and Insurance, 27 were formed for purposes connected with Agriculture, 6 were Mining and Prospecting Companies, 2 were for the manufacture of cotton and woollen goods, one a Fruit Syndicate, one had for its object the opening of a Light Railway in the State, and 5 were for other purposes. Of the 39 Co-operative Societies working at the end of the year, 6 were Manufacturing Companies, 15 were Agricultural concerns and 18 were for Banking.

6. Of the 4 Companies newly registered during the year, 2 were Trading Companies, 1 a Mining Company and 1 a Manufacturing Company.

7. Besides the Companies registered under the Companies Regulation and the Mysore Co-operative Societies Regulation, there were registered during the year four new Societies under Regulation III of 1904 (a Regulation for the registration of Literary, Scientific and Charitable Societies), thus bringing the total number of such Societies to 11.

8. Government are glad to note that the work of inspection of Companies under Regulation III of 1895, during the year, was more satisfactory than in the previous year, the total number inspected being 54 as against 28.

The total number of licenses issued during the year was 249 against 279 in the previous year, showing a decrease of 30 licenses.

There was a general decrease in all the districts excepting Bangalore and Kolar, where there was some increase. The decrease in the Kadur District is noticeable, it being 22, and the District Magistrate has not assigned any reason for the same.

The 249 licenses issued during the year consisted of 202 district licenses, 25 district licenses including State Forests and 22 provincial licenses; of these 180 had been issued to European and Eurasians and 69 to natives.

The following statement exhibits the results of prosecution during the year:—

Judicial and Legislative (Police), dated 8th June 1909.

In 36 cases, 89 persons were prosecuted with the result that 68 persons in 29 cases were convicted, 13 persons in 5 cases were either acquitted or discharged and 8 persons in 2 cases were pending at the close of the year.

During the year under report, prosecutions for breach of the provisions of this Regulation were instituted in all the districts of the Province. The largest number was 13 in the Kadur District, next come Bangalore and Hassan with 11 and 6 respectively."

No. J. 3795-803—Police 149-08-4, dated Bangalore, 8th June 1909.

Order thereon.—Recorded.

2. It is observed that while the total number of licenses issued under the Regulation during the year under review was less by 30 than in the preceding year, the number of prosecutions instituted for infringement of the Game Law rose from 30 in 1907 to 36 in 1908.

3. The marked decrease in the number of licenses issued, noticeable in the Kadur District, has not been explained; but from para 4 of the District Magistrate's report, it is gathered that it was due to the much smaller number of licenses issued to Europeans, 30 as against 51 in the year 1907.

No. J. 3849-88—Police 130-07-9, dated Bangalore, 14th June 1909.

Order.—The following arrangement has been entered into by the Durbar with the Hon'ble the British Resident in Mysore in regard to the carriage of arms by passengers during journeys on railways over which criminal jurisdiction has been ceded to the British Government:—

1. Persons who are exempted from the provisions of Sections 8 to 11 of the Mysore Arms Regulation, may, as heretofore, retain their arms in their own immediate possession while travelling in a railway carriage within Mysore Territory.

2. Persons specially authorised either under Rule 15 or under Rule 16 of the Rules issued under the Mysore Arms Regulation to go armed in a railway carriage, may also retain their arms in their own possession while travelling by railway within the limits of the State.

Magistrates should exercise discrimination in the issue of licenses containing such special authorisation and issue them only in rare and exceptional cases. Copies of the license so granted should be forwarded without delay to the District Magistrate of the Civil and Military Station, Bangalore, for information.

3. Persons holding licenses in Form IV or V (granted under Rule 15 or 16, as the case may be, of the Rules) but not specially authorised to go armed as described in clause (2) above, should deposit their arms with the guard in charge of the train under the rules for the conveyance of the luggage of passengers.

4. To draw the attention of the license-holders to this requirement, a foot-note will be appended to the licenses requiring the licensee to hand over the arms to the guard of the train as mentioned above.

1. Letter No. 781, dated the 26th February 1909, from the Deputy Secretary to the Government of India to the Secretary to the Government of the Punjab :—

"I am directed to refer to your letters noted on the margin in which it is suggested that the orders contained in the Home Department letter No. 5311, dated the 23rd September 1901, relating to the exemption of soldiers and reservists from the operation of certain sections of the Indian Arms Act, 1878, should be reconsidered. It is understood to be the local Government's recommendation that such persons should be required to obtain licenses for the possession of arms and ammunition in the usual way, from the Magistrates of the Districts in which they reside.

No. 2085-S, dated the 3rd September 1907.
No. 2700-S, dated the 1st October 1907.

2. In reply I am to say that the Government of India, having carefully considered the matter, regret that they are unable to take action in the direction indicated, so far as native soldiers are concerned. But in order to provide for closer control over the possession of arms by such soldiers on leave, the Government of India have decided to modify the rules under the Arms Act by the addition of a proviso to paragraph I, clause (3), to the effect that a native soldier, while absent from his regiment on leave, shall be exempt only in respect of such arms and ammunition as may be covered by the pass granted to him by his commanding officer. If a soldier, so absent, is found to be in possession of arms and ammunition not covered by such a pass, he should be made over to the military authorities, to be dealt with under the military law, instead of being prosecuted under the provisions of the Indian Arms Act.

Home Department Notification No. 780, dated the 26th February 1909 (copy enclosed).

3. So far as native reservists are concerned, the Government of India have decided to exclude them altogether from the benefits of the exemption enjoyed by them under the orders contained in the Home Department letter No. 758, dated the 3rd June 1903; these orders and the footnote printed at page 2 of the rules forwarded with the Home Department letter No. 3273-3282, dated the 28th May 1901, are accordingly cancelled. In future whenever a native soldier, on joining the reserve, wishes to possess arms and ammunition for his personal use, he should obtain a license, which should be issued and renewed free of license fee, by the Magistrate of the district in which he resides. The application for the initial grant of the license should be submitted through the reservist's late Commanding Officer, who should endorse thereon his recommendation as to whether the license should be granted or refused. In the event of a Magistrate not feeling justified in issuing a license to a reservist, he should communicate his decision, with his reasons, to the Commanding Officer, for such action as the latter officer may wish to take. Offences under the Arms Act and Rules committed by reservists of the native army will be dealt with in the ordinary manner under that Act by the Magistracy. These orders should be held to be applicable in the case of reservists who are already in possession of arms on the authority of the passes issued by their respective Commanding Officers, and who will now receive letters of recommendation for the grant of licenses by the District Magistrates in whose jurisdiction they are residing.

4. I am to request that, with the permission of His Honour the Lieutenant-Governor, these orders may be communicated to the public, to dealers in arms and ammunition and all other persons concerned."

ENCLOSURE TO THE ABOVE.

Notification No. 780, dated Calcutta, the 26th February 1909.

In exercise of the power conferred by Section 27 of the Indian Arms Act, XI of 1878, the Governor-General in Council directs that the following additions shall be made to clause (3) of paragraph I of the Home Department Notification No. 518, dated the 6th March 1879, as amended by subsequent notifications :—

"Provided that a native soldier, while absent from his regiment on leave, shall be exempt only in respect of such arms and ammunition as may be covered by a pass granted to him by his Commanding Officer."

"*Explanation.*—The term 'Soldiers' as used in this clause does not include 'reservists.'"

No. J. 3915-25—POLICE 152-08-2, DATED BANGALORE, 16TH JUNE 1909.

ORDER THEREON.—On the analogy of the directions contained in the above, a soldier belonging to the Mysore State Troops, while absent from his regiment on leave, shall be exempt only in respect of such arms and ammunition as may be

covered by the pass granted to him by his Commanding Officer. If a soldier so absent is found to be in possession of arms and ammunition not covered by such a pass, he should be made over to the military authorities, to be dealt with under the military law, instead of being prosecuted under the provisions of the Mysore Arms Regulation.

The Arms Rules published with Notification No. J. 1782—Police Mis. 65, dated the 6th December 1905, will be amended so as to meet the case of both Mysore and British Indian native soldiers while on leave in Mysore, by the addition of the following proviso to clause (3) paragraph I thereof:—

"Provided that a native soldier belonging either to the Mysore State Troops or to the British Indian Army, while absent from his regiment on leave, shall be exempt only in respect of such arms and ammunition as may be covered by a pass granted to him by his Commanding Officer."

"*Explanation.*—The term 'soldiers' as used in this clause does not include 'reservists.'"

Letter No. 6846—607, dated the 29th May 1909, from the Inspector-General of Police in Mysore, submitting the following report on the working of the Coffee Stealing Prevention Act, for the season ending with the 31st March 1909:—

"During the season under report, 5 cases were reported under this Regulation from the Kadur District, showing a decrease of 3 cases. This, the District Magistrate explains as due to effective preventive action of the Police. Including the one case that was pending at the close of the past season, all the 6 cases with 7 persons ended in conviction. The only case under this Regulation that was reported from the Hassan District, remained pending on A Form at the close of the season.

Twelve cases of coffee thefts were reported under the Indian Penal Code from the Kadur District and 2 from Hassan. These together with the 11 cases that were pending at the close of the previous season, gave a total of 25 cases to be handled by the Police. Of these, 4 cases with 7 persons ended in conviction, 4 cases with 24 persons were acquitted or discharged, 7 cases were ordered to be struck off on B. Form, 1 on A Form involving one person and 4 on B Form were pending before the Magistracy, and the remaining 5 were pending with the Police at the close of the season.

During the year a sum of Rs. 58, was realized by way of fines in the Kadur District.

There were no requisitions for the loan of the services of Police constables in the Kadur District, but some of the planters in the Hassan District utilized the services of seven Policemen. Usual preventive measures such as the opening of special outposts at important Coffee centres during the picking season were adopted by the Police."

1, Correspondence ending with letter No. G. 321, dated the 21st November 1908, from the Senior Surgeon, submitting as called for in Government Order No. 1587-8—L. F. 55-93, dated the 16th August 1906, a complete list of midwives in the State.

2. Letter No. 418, dated the 15th November 1906, from the Comptroller in Mysore, reporting that midwives excepting in some special cases are allowed a uniform pay of Rs. 15 with the prescribed malnad and semi-malnad allowances in accordance with Government Order No. 2273-84—L. F. 55-93, dated the 3rd August 1902.

No. 12819-29—L. B. 55-93, DATED BANGALORE, 21ST JUNE 1909.

ORDER THEREON.—Prior to 1893 there were two grades of pay for midwives, *viz.*, Rs. 15 and Rs. 20. In September 1893 the scale was fixed* at Rs. 15, Rs. 18 and Rs. 20 for the maidan and semi-malnad and malnad taluks respectively. As this scale was found unworkable in some cases of transfers of midwives, the scale was again revised† in August 1902 and their pay fixed at a uniform rate of Rs. 15 with local allowances of Rs. 5 and Rs. 3 for malnad and semi-malnad. It is now stated by the Comptroller that this latter scale is being strictly adhered to except in some special cases.

* G. O. No. 4629-40—L. F. 55-93, dated 7th September 1893.

† No. 2273-84—L. F. 55-93, dated 3rd August 1902.

2. In May 1903 the Senior Surgeon recommended that in view of the hardship which the scale of August 1902 caused by suddenly reducing the pay of those midwives who were in receipt of a consolidated pay varying from Rs. 18 to Rs. 30, midwives whose pay was more than Rs. 15 before that date should be allowed to continue to draw their former pay till they vacated office and the matter has been in correspondence since then.

3. It is observed that at present there are in service 31 midwives as shown in the enclosed list who are entitled to the concession recommended. As it is unfair that these should be deprived of a portion of the pay which they were drawing before August 1902, Government are pleased to lay down the following rules in regard to them:—

(i) The difference between the former pay of these midwives and Rs. 15, the uniform rate of pay fixed, shall be treated as personal allowance.

(ii) If such a midwife is employed in a malnad or semi-malnad tract or an institution to which a local allowance is attached, she shall draw no local allowance except where it is in excess of the personal allowance, and in that case only the difference between the two will be drawn as local allowance.

4. In the case of Eggamma, midwife of the General Hospital, Mysore, who was entertained on the 29th July 1904 subsequent to the Order of 1902 and has been allowed to draw Rs. 17 on the ground that she is paid from Provincial Funds, the excess over Rs. 15 will similarly be treated as personal allowance.

5. The Senior Surgeon is requested to submit for sanction through the Comptroller bills—separately for each midwife for arrears of pay that may become due as above, pointing out the source in the current year's budget wherefrom the charge may be met.

6. The Senior Surgeon also recommended that midwives employed at the Maternities of Bangalore and Mysore and the Civil Hospitals of Hassan, Shimoga and Chitaldrug might be allowed special rates of pay, the excess over Rs. 15 being, if necessary, treated as local allowance attached to the different institutions. Government approve of the above recommendation except as regards the midwives at Hassan, Shimoga and Chitaldrug. They see no reason why these midwives should get local allowances at the rates of Rs. 10, 15 and Rs. 5, respectively, as the work they do is not more arduous than that done by the midwives at other district headquarters to which no such allowance is attached, *e.g.*, Tumkur and Kolar. Hassan

and Shimoga being semi-malnad, the midwives there will draw a local allowance of Rs. 3. The present incumbents at Hassan and Shimoga were in service before August 1902 and were drawing a pay of more than Rs. 15 and they shall be treated as in para 3 above.

7. The effect of the several sanctions accorded as regards the scale of pay of midwives will be that they shall be paid at a uniform rate of Rs. 15 per mensem with local allowance as noted below irrespective of the funds to which the pay is debited whether Provincial Fund, District Fund, or Municipal Funds:—

	Rs.
Semi-malnad	3
Malnad	5
Epidemic Diseases Hospital, Bangalore	10
Maternities at Bangalore and Mysore	5
Do Bowringpet and Kolar Gold Fields	2
Do Marikanave	4

8. With a view to minimise the expenditure consequent on the grant of the personal allowances above sanctioned, the Senior Surgeon is requested to post as far as possible midwives in receipt of personal allowances to stations where the appointments carry a rate of salary equivalent to theirs.

Letter No. 4769, dated the 6th May 1909, from the Sanitary Commissioner in Mysore :—

"I have the honour to recommend that Government Order No. 3132-40—Ml. 34-05-2, dated the 21st September 1905, prescribing the procedure to be adopted *in re* the submission of notes of Sanitary Inspection by the Sanitary Commissioner or his Personal Assistant may be extended so as to include the inspection notes on Municipalities submitted by the District Sanitary Officers as well. The Sanitary Commissioner will, if he is satisfied with a report received from a District Sanitary Officer, forward it with his own remarks to Government, through the Chairman of the Municipality concerned, who, within six weeks of the receipt of the reports will call a meeting of the Board, to consider the suggestions made in the report. The report is then sent to Government for orders with such remarks as the Board may have to make. But urgent items requiring immediate attention may be brought to the notice of the President without delay by the District Sanitary Officer himself."

No. 12129-40—Sany. 182-08-2, dated Bangalore, 5th June 1909.

ORDER THEREON.— Government observe that there is no necessity that every inspection note drawn up by a District Sanitary Officer should be submitted to them for orders. The District Sanitary Officer making an inspection may send copies of his notes to the President of the Municipal Board concerned as well as the Sanitary Commissioner. The Sanitary Commissioner, will forward such of them as he considers necessary, with his remarks to Government through the President of the Municipal Council, who will deal with it in the manner laid down in the Order of the 21st September 1905, before submitting the same to Government.

Letter No. 7900-499, dated the 10th March 1909, from the Inspector-General of Education in Mysore, submitting the Budget Estimates of the Industrial and other Special Schools in Mysore maintained from the Local Funds General for the year 1909-10 with a memorandum explaining the variations under some of the heads.

Memorandum accompanying the Budget Estimates of the Industrial and other Special Schools in Mysore for the year 1909-10.

RECEIPTS.

I. Industrial School, Mysore.—The tile press received from Calicut presses about 3,000 tiles a day. If sufficient frames and racks are made and a good kiln with a high chimney is provided, the income from the pottery section will be considerably increased. But for the present a moderate estimate of Rs. 18,000 has been made. The income from the Machine and Smithy classes has been reduced from Rs. 4,000 to Rs. 3,000, as there are not specially large orders requiring the employment of coolies as in previous years. As wood carving has been proposed to be introduced in connection with the Carpentry class, the income from that class is expected to increase. Slight increases have been provided for in the income from fees and the Rattan class considering the actual amounts realized in the previous years. The total receipts from the several classes of the school are estimated at Rs. 27,720 against Rs. 17,000 sanctioned for 1908-09. The amount remitted to the Treasury in 1907-08 was Rs. 15,334.

II. Other Industrial Schools.—The Industrial School at Chitaldrug having been abolished at the end of December 1908 as per Government Order No. 4047-8—Ed. 81-08-4, dated 31st October 1908, the estimated receipts from the Industrial Schools have been reduced from Rs. 3,900 to Rs. 3,500. The income from the Sagar Industrial School which has been newly opened is roughly estimated at Rs. 300, and that from the Chiknayakanhalli School has been raised from Rs. 600 to Rs. 700 in consideration of the actual amounts realized in the previous years.

III. The Engineering School, Mysore.—The number of students in the senior class of the school is expected to be 20 and that in the junior class 30. The amount of fees expected to be realized has therefore been raised from Rs. 1,560 to Rs. 1,680 as shown below:—

Class	Number of students	Rate of fees Rs.	Amount per year Rs.
Senior class	20	4	960
Junior class	30	2	720
		Total	... 1,680

Thus it will be seen that the total estimated receipts under the heads I, II and III have been fixed at Rs. 32,900 against Rs. 22,460 sanctioned for 1908-09.

EXPENDITURE.

The total expenditure under all heads as sanctioned in the budget of the current year amounts to Rs. 80,380 and the expenditure estimated for 1909-10 is Rs. 74,598 exclusive of the additional grants which have been recently recommended under heads I, II and III. The variations occurring under the different heads are explained below.

I. Industrial School, Mysore.—In this office letter No. 7152-444, dated 17th February 1909, additional grants have been proposed under the minor heads (*a*) Machinery and tools, (*b*) Stock materials, (*e*) Contingencies, (*f*) Wages of temporary establishment and (*g*) Establishment. But in the present estimates the figures for 1908-09 have been repeated. The increase of Rs. 120 made under (*g*) Establishment is on account of the increment of Rs. 10 a month sanctioned for the First Pottery Mestri as per Government Order No. 11782-3—Ed. 254-07-2, dated 13th May 1908. The provision under (*e*) Scholarships and (*d*) Sheds has been reduced by Rs. 300 and Rs. 1,000, respectively, as explained in the letter quoted above. The expenditure under the other heads remains unaltered. The designation of some of the mestris of the establishment has been altered as recommended in my letter No 6096-7—363, dated 23rd January 1908. In the memorandum submitted with this letter the employment of two additional hands, *viz.*, an Assistant Machine Instructor on Rs. 25 and a second

Carpentry Mestri on Rs. 25 was proposed, the mestri hitherto called Assistant Drawing Master and Carpentry Instructor whose pay was Rs. 30, being employed to teach only Drawing. But Government in sanctioning the proposals stated in their Order No. 11782-3—Ed. 254-07-2, dated 13th May 1908, "The additional establishment asked for, *viz.*, *an Assistant Drawing Master* on Rs. 25 and an Assistant Machine Instructor on Rs. 25, is sanctioned, etc. The error in the designation has been now rectified. The new men are designated as the Second Carpentry Mestri and Assistant Machine Instructor, respectively, and the mestri formerly called Assistant Drawing Master and Carpentry Mestri is now designated as the Assistant Drawing Master. The scale of establishment proposed in my letter of the 23rd January 1908 will make the point clear. This change in designation does not involve any additional cost to Government.

II. Other Industrial Schools.—The estimated expenditure under this head has been reduced from Rs. 19,078 to Rs. 10,908 or by Rs. 8,170. The reduction is made up of the sums of Rs. 5,650 sanctioned for materials, furniture and apparatus and temporary wages for 5 of the Industrial Schools by Government Order No. 1448-9—Ed. 252-07-6, dated 7th August 1908, Rs. 1,500 being the cost of establishment of the Industrial School at Chitaldrug which has been abolished, Rs. 1,000 being the initial cost of the Sagar Industrial School which has already been opened and Rs. 20 the unutilised balance left out of the lump-sum provision of Rs. 5,790 made in the current year's budget under head II. The present estimate of Rs. 10,908 does not, however, include the additional grants recommended under this head in my letter No. 7197-452, dated 20th February 1909.

III. Engineering School, Mysore.—Additional grants have been proposed for some of the items under this head in my letter No. 7153-445, dated 17th February 1909. But in the present estimates the provision sanctioned for each item in the current year's budget has been repeated. The increase of Rs. 48 is due to the increment at Rs. 2 a month earned by each of the Assistant Masters in the grade 40—2—50.

IV (a). Scholarships held in Technical Schools outside the State.—There are at present 30 scholarships in force, *viz.*, 4 at Rs. 15, 1 at Rs. 30 and 25 at Rs. 20. Seven of the scholars on Rs. 20 will finish their course at the end of December 1909 and 10 new scholarships will have to be sanctioned for the calendar year 1910. Accordingly provision has been made for Rs. 7,380 on account of 30 scholarships, 4 at Rs. 15, 1 at Rs. 30 and 25 at Rs. 20 for seven months, and 33 scholarships, 4 at Rs. 15, 1 at Rs. 30 and 28 at Rs. 20 for five months. A technical scholarship of Rs. 30 a month was sanctioned as a special case for K. Venkatappa to enable him to study painting, etc., in the School of Arts, Calcutta, by Government Order No. 7103-4—166-08, dated the 29th January 1909. The total provision required under the head IV is thus Rs. 7,380 plus Rs. 420 or Rs. 7,800.

V. Grants-in-aid.—The provision under this head has been raised from Rs. 4,848 to Rs. 8,748 or by Rs. 3,900. This increase is made up of the additional grants of Rs. 3,000 and Rs. 1,200 sanctioned respectively for the construction of a building for the Industrial School at Channapatna by Government Order No. 1450-1—Ed. 391-07-2, dated the 7th August 1908, and a monthly grant of Rs. 100 for the Industrial Classes of Mr. Doddanna's School, Bangalore, by Government Order No. 7073-4—64-08-3, dated the 29th January 1909, and the omission of Rs. 300 being the grant sanctioned for Mr. Kelkar who is reported to have died.

V, VII and VIII.—The provision made under each of these heads remains unaltered.

Thus the budget estimates provide for receipts amounting to Rs. 32,900 and expenditure amounting Rs. 74,598, the figure for expenditure being subject to alteration after the additional grants recently proposed are sanctioned by Government.

No. 12645-6—Ed. 330-08-2, dated Bangalore, 16th June 1909.

Order thereon.—The receipts and expenditure of the Industrial and other Special Schools maintained from the Local Funds General for the year 1909-10 are estimated as shown below :—

(ii)	600	travelling allowance to Mr. Odzu, Superintendent of the Silk Farm as the Farm will be closed.
(iii)	60	unutilised portion of the additional grant of Rs. 372 for the Enginee ing School provided in the budget for 1908-09.
Total	1,080	

3. A sum of Rs. 8,914 will be added under expenditure to meet addition charges sanctioned during the year or under consideration as noted below :—

	Rs.	
(i)	1,430	for the Mysore Engineering School.
(ii)	6,200	on account of certain Industrial Schools.
(iii)	540	grant-in-aid to the Mahomedan Industrial School at Bangalore.
(iv)	600	on account of scholarships to the weaver boys of Hosdurga joinir the Molakalmuru Weaving School.
(v)	84	for employing a watchman for the Molakalmuru Weaving School Rs. 7 a month.
(vi)	60	increase of house-rent of the Carpentry Class at Hole-Narsipur fro Rs. 10 to Rs. 15 (Government Proceedings No. 10439-40—Ed. 36 08-2, dated the 22nd April 1909).
Total	8,914	

4. As regards the provision of Rs. 3,000 made on account of grant-in-aid t Tata's Silk Farm at Bangalore, it is observed that this provision has recently bee ordered to be discontinued. The provision will, however, be allowed to stan pending orders on the application of the Salvation Army who propose to take u and work the Farm and have applied for the continuance of the grant.

5. The budget estimates as above modified are sanctioned provisionally pr viding for an income of Rs. 32,900 and an expenditure of Rs. 82,432 as shown i abstract hereunder :—

Letter No. 84, dated the 26th February 1909, from the Superintendent, Revenue Survey, submitting the correspondence that passed between the Comptroller and himself in the matter of the disallowance by the former of a portion of the conveyance charges incurred by the Superintendent and the Deputy Superintendent at Mysore on the occasion of their visit to that place as invited guests during the Dasara of 1908, on the ground of the charges not having been incurred during the period covered by the invitation.

No. G. 7140-80—G. M. 4-08-28, DATED BANGALORE, 18TH JUNE 1909.

ORDER THEREON.—Government consider that carriage hire in cases of this kind should be restricted to the period for which privilege of free conveyance is due.

2. The special rules laid down in Government Order No. Fl. 1318—G. F. 104-05-12, dated the 7th August 1906, apply in the case of the Dasara not only to the days of the Navaratri festival on which the Palace Durbars are held, but also to the period taken up by official functions incidental to the Dasara, such as the sittings of the Representative Assembly. Accordingly, conveyance charges should be paid for the whole of such period, if claimed, provided that they do not exceed the maximum specified in clause (3) of para of the above Order. Under these circumstances, the claims now in question are sanctioned and the officers concerned are requested to forward their bills to the Comptroller for audit.

Government Proceedings No. 5600-1—Muz. F. 41-94, dated 29th May 1907, passing orders regarding the affairs of the Sri Avimukteswaraswami temple at Hoskote, and requesting the submission of a scale of expenditure for the institution.

Letter No. 86, dated 26th February 1909, from the Deputy Commissioner, Bangalore District.

No. 2377-8—MUZ. F. 441-08-2, DATED BANGALORE, 24TH JUNE 1909.

ORDER THEREON.—With the letter read above, the Deputy Commissioner submits a scale of expenditure amounting to Rs. 315 a year as noted in the margin for the Sri Avimukteswaraswami temple at Hoskote. He further states that the annual income of the temple from its jodi village of Chinnathimmana Gollahalli is expected to be Rs. 491 from the year Kilaka, and that after paying the jodi of Rs. 127-9-5 due to Government thereon, a sum of Rs. 363 odd will be available to meet the proposed scale of expenditure of the institution.

2. The Government, however, observe that the records show that the tank of the village requires repairs and that till they are effected, half the assessment may have to be remitted with the result that a smaller income may be derived by the temple. Moreover, funds will have to be found for the said repairs. The Government are therefore pleased to direct that the charges for the Rathotsavam be fixed only at Rs. 100 for some time to come instead of at Rs. 150 as proposed by the Deputy Commissioner. With this modification, the scale of expenditure submitted by him is sanctioned. The Comptroller to Government is requested to authorize the Amildar to draw on monthly bills the amounts required for payment to servants and for services in accordance with the sanctioned scale, and disburse the same so as not to cause inconvenience either to the servants or the Dharmadarsis.

3. An estimate for Rs. 156 had been submitted in April 1907 for the cloths purchased for the decoration of the car during the Rathotsava but it could not be sanctioned as there was only a sum of Rs. 143 odd available in the institution. Now that it is reported that a sum of Rs. 1,152-6-5 is available at the credit of the temple, the estimate is sanctioned, the charge being met from the above mentioned source.

4. The estimate for the repair of the tank should be submitted early.

5. The scale of expenditure of the institution as hereby sanctioned is appended hereto.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 29th June 1909.

READ—

Letter No. 380, dated 19th April 1909, from the Deputy Commissioner, Kadur District, submitting for favorable consideration an application from Mr. Tangli Sesha Iyengar, land-holder in the Kadur Taluk, offering to deposit Rs. 8,000 in the Government Treasury for the maintenance of the chattram built by him at Kadur.

No. 2430-2—MUZ. F. 576-08-2, DATED BANGALORE, 29TH JUNE 1909.

ORDER THEREON.—From the letter read above and its enclosures, it is observed that Mr. Tangli Sesha Iyengar has built a chattram at Kadur at a cost of Rs. 10,000. It is reported to have been built some years ago, and useful for lodging purposes to the travelling public of all classes halting at the place. Mr. Tangli Sesha Iyengar desires to distribute rations to the poor and also to place the management of the chattram on a permanent and secure footing. With this view, he offers to deposit with Government Rs. 8,000 at the rate of 4 per cent sanctioned in the case of endowments made for charitable purposes and requests that the annual interest of Rs. 320 accruing thereon may be paid to him and his heirs. He proposes to utilize this amount in the following manner:—

	Rs.
Mutsaddi's pay Rs. 6 per mensem	72 per annum.
Sweeper's pay Rs. 4 per mensem	48 do
Lamp-oil	20 do
Scavenger	6 do
Periodical repairs to the building	54 do
Distribution of rice to the poor	120 do
Total ...	320 per annum

Mr. Tangli Sesha Iyengar further desires to retain the management of the institution with himself and his heirs subject to the supervision of Government in the Muzrai Department and agrees that in case of mismanagement, the Government may take it over under their management and make such arrangements therefor as they may deem proper. The Deputy Commissioner supports the application.

2. The object of Mr. Tangli Sesha Iyengar being of a benevolent and charitable nature deserving of encouragement as contemplated in Government Notification No. Fl. 4007—G. F. 184-06, dated 12th February 1908, the Government are pleased to accept the liberal offer made by him to deposit Rs. 8,000 (Rupees eight thousand only) at 4 per cent interest, for the purposes set forth by him. The Deputy Commissioner is requested to obtain the offered amount from Mr. Tangli Sesha Iyengar and deposit it in the Treasury and also get the necessary documents executed by him in accordance with Rule 4 of the Notification of the 12th February 1908, alluded to above, read along with para 4 of Government Proceedings No. 3568-72—Edn. 2-08-2, dated 14th October 1908. The half-yearly interest will, until further orders, be paid to Mr. Tangli Sesha Iyengar.

3. Mr. Tangli Sesha Iyengar should further be informed that the management of the charities by him and his heirs after him is subject to Government control, and that the manager has to keep regular accounts and make them available for inspection by Government officers, an annual report on the affairs of the institution with an abstract of the accounts being rendered as ordered in para 4 of Government Proceedings No. 3568-72—Edn. 2-08-2, dated 14th October 1908.
